

Deneo®.Lab

**Blood Collection &
Vaccination Chair**

Deneo® is a very innovative product allowing the best patient accessibility to care and the greatest comfort for both the practitioner and the patient. The design of DENEEO® is the result of a long research work and numerous tests in the field with phlebotomy professionals. This research ended up with several patents.

COMFORT

- > 360° rotation (on specific models only)
- > Reduced volume, optimized space
- > Bodyshape® upholstery: natural body position

ACCESSIBILITY

- > Sit'n Go® concept: welcome position at 50 cm from the ground (specific models)

SAFETY

- > Easy, effortless and rapid emergency position
- > Armrests on the backrest and integrated handles > long service life
- > Circular base: chair stability
- > M1 fire retardant upholstery (depending on the color, see color chart)
- > Maximum capacity: 200 kg

HYGIENE

- > Covering with antibacterial protection (depending on the color, see color chart)
- > Easy to clean
- > Seamless upholstery
- > Removable handles

Capacity

200 kg

Registered model

Sit'n Go® concept (specific models)

Initial chair position.

The patient positions his hands on the lateral grips and the seat lowers to facilitate the entry.

When the patient leans back, the chair automatically swings back to a comfortable position.

Effortless, the emergency position is obtained at any time, without effort for the practitioner.

STANDARD FEATURES

Fixed height (seat at 50 cm)

and hydraulic variable seating height from 51 to 71 cm

White epoxy structure and base (ref: 80010-02R + 80015-02R)

White epoxy column and chromed circular base

(ref: 80000-02R + 80005-02F + 80005-02R)

Column and circular base chromed (ref: 80070-02R + 80075-02R)

Two lateral polyurethane hand grips integrated to the seat

One-piece structure seamless upholstery foam thickness 30 mm, density 40 kg/m³

Two removable formed armrests. Swivel adjusting system.

Seamless heat formed M1 covering

200 kg patient weight capacity (tested at a static weight of 500 kg)

80000-02R

Fixed height circular base with rotation - concept Sit'n G&®

80010-02R

Fixed height base 4 castors ø 50 mm with rotation - concept Sit'n G&®

80070-02R

Hydraulic variable height with rotation - concept Sit'n G&®

80005-02F

Fixed height circular base

80005-02R

Fixed height circular base with rotation

80015-02R

Fixed height base 4 castors ø 50 mm with rotation

80075-02R

Hydraulic variable height with rotation

All these models feature the new legrest angle for easier access

OPTIMISE SPACE

The 360° rotation allows easy transition to the opposite side of the patient without moving.

OPTION*

Plant installed, must be ordered with initial order

ACCESSORIES

167-10

Paper roll holder
(length max 50 cm, ø 20 cm)

957

Lamp support for clamp

964

Stainless steel pan
(240 x 180 x 30 mm)

80922-10

Pair of assistance handles

80193 + 80920-01

IV pole

80920-01

Clamp support
(leg or head side)

80921-01 + 80920-01

Clamp for accessories ø 16 mm

Lamps

80921-01 + 80920-01

Refer to the literature

80905-01

Plastic covering (leg section)

80906-01

Plastic covering (head section)

FIXED HEIGHT

NET WEIGHT : 53 KG

GROSS WEIGHT : 67 KG

PACKAGE VOLUME : 1,164 M³

HYDRAULIC VARIABLE HEIGHT

NET WEIGHT : 60 KG

GROSS WEIGHT : 74 KG

PACKAGE VOLUME : 1,164 M³

CHOICE OF M1 ANTIBACTERIAL
FIRE-RETARDANT UPHOLSTERY
